|  |   |

| neurin nazaras                               | Not classificat  |
|--|--|
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Potential routes of overexposure to this product are skin and eye contact.<br>Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this<br>product under normal use conditions. |
|  | Complete toxicity data are not available for this specific formulation.  |

This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).

Supplemental information

3. Composition/information on ingredients

| Chemical name                    | Common name and synonyms | CAS number  | %     |
|----------------------------------|--------------------------|-------------|-------|
| Water                            |                          | 7732-18-5   | 70-80 |
| 1-(2-hydroxyethyl)-2-pyrrolidone |                          | 3445-11-2   | <15   |
| Cyan colorant                    |                          | Proprietary | <5    |
| Alkyldiol ethoxylate             |                          | Proprietary | <2.5  |

| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard). |
|-----------------------|--|
| 4. First-aid measures |  |

| Inhalation   | Move to fresh air. If symptoms persist, get medical attention.  |
|--|---|
| Skin contact   | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| Eye contact  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| Ingestion  | If ingestion of a large amount does occur, seek medical attention.  |
| Most important<br>symptoms/effects, acute and<br>delayed | Not available.  |

## 5. Fire-fighting measures

| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular foam. |
|---|---|
| Unsuitable extinguishing media                                      | None known.                                     |
| Specific hazards arising from the chemical                          | Not applicable.                                 |
| Special protective equipment<br>and precautions for<br>firefighters | Not available.                                  |
| Specific methods  | None established.                               |
| 6 Accidental release may  |   |

### 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipment.   |
|---|---|
| Methods and materials for<br>containment and cleaning up                  | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. |
| Environmental precautions   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |
|   |   |

### 7. Handling and storage

| Precautions for safe handling                                      | Avoid contact with skin, eyes and clothing.                               |
|--|---|
| Conditions for safe storage,<br>including any<br>incompatibilities | Keep out of the reach of children. Keep away from excessive heat or cold. |

### 8. Exposure controls/personal protection

| Occupational exposure limits        | No exposure limits noted for ingredient(s).                            |
|-------------------------------------|--|
| Biological limit values             | No biological exposure limits noted for the ingredient(s).             |
| Exposure guidelines                 | Exposure limits have not been established for this product.            |
| Appropriate engineering<br>controls | Use in a well ventilated area.   |
| Individual protection measures      | s, such as personal protective equipment                               |
| Eye/face protection                 | Not available.   |
| Skin protection                     |  |
| Hand protection                     | Not available.   |
| Other                               | Not available.   |
| <b>Respiratory protection</b>       | Not available.   |
| Thermal hazards                     | Not available.   |
| General hygiene<br>considerations   | Handle in accordance with good industrial hygiene and safety practice. |

### 9. Physical and chemical properties

#### Appearance

| Physical state                               | Not available.  |  |
|--|---|--|
| Color  | Cyan  |  |
| Odor   | Not available.  |  |
| Odor threshold                               | Not available.  |  |
| рН   | 7.8 - 8.7   |  |
| Melting point/freezing point                 | Not available.  |  |
| Initial boiling point and<br>boiling range   | Not determined  |  |
| Flash point                                  | > 200.0 °F (> 93.3 °C) Pensky-Martens Closed Cup          |  |
| Evaporation rate                             | Not determined  |  |
| Flammability (solid, gas)                    | Not available.  |  |
| Upper/lower flammability or explosive limits |   |  |
| Flammability limit - lower<br>(%)            | Not determined  |  |
| Flammability limit -<br>upper (%)            | Not available.  |  |
| Explosive limit - lower<br>(%)               | Not available.  |  |
| Explosive limit - upper<br>(%)               | Not available.  |  |
| Vapor pressure                               | Not determined  |  |
| Solubility(ies)                              |   |  |
| Solubility (water)                           | Soluble in water  |  |
| Partition coefficient<br>(n-octanol/water)   | Not available.  |  |
| Auto-ignition temperature                    | Not available.  |  |
| Decomposition temperature                    | Not available.  |  |
| Viscosity                                    | Not available.  |  |
| Other information                            | For other VOC regulatory data/information see Section 15. |  |
| VOC (Weight %)                               | < 231 g/l   |  |

### **10. Stability and reactivity**

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

### **11.** Toxicological information

| Symptoms related to the physical, chemical and toxicological characteristics | Not available.  |  |
|--|---|--|
| Information on toxicological effects   |   |  |
| Acute toxicity   | Based on available data, the classification criteria are not met. |  |
| Skin corrosion/irritation  | Based on available data, the classification criteria are not met. |  |
| Serious eye damage/eye<br>irritation   | Based on available data, the classification criteria are not met. |  |

#### Respiratory or skin sensitization

| Respiratory sensitization | Based on available data, the classification criteria are not met. |
|---------------------------|---|
| Skin sensitization        | Based on available data, the classification criteria are not met. |

| Germ cell mutagenicity                                | Based on available data, the classification criteria are not met.   |
|---|---|
| Carcinogenicity                                       | Based on available data, the classification criteria are not met.   |
| Reproductive toxicity                                 | Based on available data, the classification criteria are not met.   |
| Specific target organ toxicity<br>- single exposure   | Based on available data, the classification criteria are not met.   |
| Specific target organ toxicity<br>- repeated exposure | Based on available data, the classification criteria are not met.   |
| Aspiration hazard                                     | Based on available data, the classification criteria are not met.   |
| Further information                                   | Complete toxicity data are not available for this specific formulation<br>Refer to Section 2 for potential health effects and Section 4 for first aid measures. |

### 12. Ecological information

| Aquatic toxicity   |   | xicity (trout), survival (100 mg/L) = 100%<br>xicity (trout), survival (10 mg/L) = 100%  |                      |

| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Potential routes of overexposure to this product are skin and eye contact.<br>Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this<br>product under normal use conditions. |
|  | Complete toxicity data are not available for this specific formulation.  |
| Supplemental information                     | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

### 3. Composition/information on ingredients

| Mixtures |
|----------|
|----------|

| Chemical name                              | Common name and synonyms | CAS number  | %     |
|--|--------------------------|-------------|-------|
| Water                                      |                          | 7732-18-5   | 70-80 |
| 1-(2-hydroxyethyl)-2-pyrrolidone           |                          | 3445-11-2   | <15   |
| Substituted naphthalenesulfonate salt # 11 |                          | Proprietary | <5    |
| Alkyldiol ethoxylate                       |                          | Proprietary | <2.5  |

| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard). |
|-----------------------|--|
| 4. First-aid measures |  |

| Inhalation   | Move to fresh air. If symptoms persist, get medical attention.  |
|--|---|
| Skin contact   | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| Eye contact  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| Ingestion  | If ingestion of a large amount does occur, seek medical attention.  |
| Most important<br>symptoms/effects, acute and<br>delayed | Not available.  |

### 5. Fire-fighting measures

| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular foam. |
|---|---|
| Unsuitable extinguishing media                                      | None known.                                     |
| Specific hazards arising from the chemical                          | Not applicable.                                 |
| Special protective equipment<br>and precautions for<br>firefighters | Not available.                                  |
| Specific methods  | None established.                               |
| 6 Accidental release me   | 2011/20   |

### 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Wear appropriate personal protective equipment.   |
|---|---|
| Methods and materials for<br>containment and cleaning up                  | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. |
| Environmental precautions   | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |
|   |   |

### 7. Handling and storage

| Precautions for safe handling                                      | Avoid contact with skin, eyes and clothing.                               |
|--|---|
| Conditions for safe storage,<br>including any<br>incompatibilities | Keep out of the reach of children. Keep away from excessive heat or cold. |

### 8. Exposure controls/personal protection

| Occupational exposure limits        | No exposure limits noted for ingredient(s).                            |
|-------------------------------------|--|
| Biological limit values             | No biological exposure limits noted for the ingredient(s).             |
| Exposure guidelines                 | Exposure limits have not been established for this product.            |
| Appropriate engineering<br>controls | Use in a well ventilated area.   |
| Individual protection measures      | s, such as personal protective equipment                               |
| Eye/face protection                 | Not available.   |
| Skin protection                     |  |
| Hand protection                     | Not available.   |
| Other                               | Not available.   |
| <b>Respiratory protection</b>       | Not available.   |
| Thermal hazards                     | Not available.   |
| General hygiene<br>considerations   | Handle in accordance with good industrial hygiene and safety practice. |

### 9. Physical and chemical properties

### Appearance

| Physical state                             | Not available.  |
|--|---|
| Color                                      | Magenta   |
| Odor                                       | Not available.  |
| Odor threshold                             | Not available.  |
| рН   | 7.8 - 8.7   |
| Melting point/freezing point               | Not available.  |
| Initial boiling point and<br>boiling range | Not determined  |

### 2. Hazard(s) identification

| Physical hazards                             | Not classified.  |
|--|--|
| Health hazards                               | Not classified.  |
| Environmental hazards                        | Not classified.  |
| OSHA defined hazards                         | Not classified.  |
| Label elements                               |  |
| Hazard symbol                                | None.  |
| Signal word                                  | None.  |
| Hazard statement                             | Not available.   |
| Precautionary statement                      |  |
| Prevention                                   | Not available.   |
| Response                                     | Not available.   |
| Storage                                      | Not available.   |
| Disposal                                     | Not available.   |
| Hazard(s) not otherwise<br>classified (HNOC) | Potential routes of overexposure to this product are skin and eye contact. Inhalation of vapor and ingestion are not expected to be significant routes of exposure for this product under normal use conditions. Complete toxicity data are not available for this specific formulation. |
| Supplemental information                     | This product is not classified as hazardous according to OSHA CFR 1910.1200 (HazCom 2012).   |

### 3. Composition/information on ingredients

Mixtures

| Chemical name        | Common name and synonyms | CAS number  | %     |
|----------------------|--------------------------|-------------|-------|
| Water                |                          | 7732-18-5   | 70-80 |
| 2-pyrrolidone        |                          | 616-45-5    | <7.5  |
| Ethyl alkyldiol      |                          | Proprietary | <7.5  |
| Tetraethylene glycol |                          | 112-60-7    | <7.5  |
| Yellow colorant      |                          | Proprietary | <5    |
| Alkyldiol ethoxylate |                          | Proprietary | <2.5  |

| Composition comments  | This ink supply contains an aqueous ink formulation.<br>This product has been evaluated using criteria specified in 29 CFR 1910.1200 (Hazard<br>Communication Standard). |
|-----------------------|--|
| 4. First-aid measures |  |

| Inhalation   | Remove to fresh air. If symptoms persist, get medical attention.  |
|--|---|
| Skin contact   | Wash affected areas thoroughly with mild soap and water. Get medical attention if irritation develops or persists.  |
| Eye contact  | Do not rub eyes. Immediately flush with large amounts of clean, warm water (low pressure) for at least 15 minutes or until particles are removed. If irritation persists get medical attention. |
| Ingestion  | If ingestion of a large amount does occur, seek medical attention.  |
| Most important<br>symptoms/effects, acute and<br>delayed | Not available.  |

### 5. Fire-fighting measures

| Suitable extinguishing media  | Dry chemical, CO2, water spray or regular foam. |
|---|---|
| Unsuitable extinguishing media                                      | None known.                                     |
| Specific hazards arising from the chemical                          | Not applicable.                                 |
| Special protective equipment<br>and precautions for<br>firefighters | Not available.                                  |
| Specific methods  | None established.                               |
| 6 Accidental release measures                                       |   |

### 6. Accidental release measures

| protective equipment and<br>emergency procedures | Wear appropriate personal protective equipment.   |
|--|---|
|  | Dike the spilled material, where this is possible. Absorb with inert absorbent such as dry clay, sand or diatomaceous earth, commercial sorbents, or recover using pumps. |
| Environmental precautions                        | Do not let product enter drains. Do not flush into surface water or sanitary sewer system.  |

### 7. Handling and storage

| Precautions for safe handling                                      | Avoid contact with skin, eyes and clothing.                               |
|--|---|
| Conditions for safe storage,<br>including any<br>incompatibilities | Keep out of the reach of children. Keep away from excessive heat or cold. |

### 8. Exposure controls/personal protection

| •                                   | -  |
|-------------------------------------|--|
| Occupational exposure limits        | No exposure limits noted for ingredient(s).                            |
| <b>Biological limit values</b>      | No biological exposure limits noted for the ingredient(s).             |
| Exposure guidelines                 | None established.  |
| Appropriate engineering<br>controls | Use in a well ventilated area.   |
| Individual protection measures      | s, such as personal protective equipment                               |
| Eye/face protection                 | Not available.   |

| Other information                            | For other VOC regulatory data/information see Section 15. |  |
| VOC (Weight %)                               | < 78 g/l  |  |

### **10. Stability and reactivity**

| Reactivity                            | Not available.  |
|---------------------------------------|---|
| Chemical stability                    | Stable under recommended storage conditions.  |
| Possibility of hazardous<br>reactions | Will not occur.   |
| Conditions to avoid                   | Not available.  |
| Incompatible materials                | Incompatible with strong bases and oxidizing agents.  |
| Hazardous decomposition<br>products   | Upon decomposition, this product may yield gaseous nitrogen oxides, carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons. |

### **11.** Toxicological information

| Symptoms related to the physical, chemical and toxicological characteristics | Not available.  |
|--|---|
| Information on toxicological effects   |   |
| Acute toxicity   | Based on available data, the classification criteria are not met. |
| Skin corrosion/irritation  | Based on available data, the classification criteria are not met. |
| Serious eye damage/eye<br>irritation   | Based on available data, the classification criteria are not met. |

#### Respiratory or skin sensitization

| Respiratory sensitization | Based on available data, the classification criteria are not met. |
|---------------------------|---|
| Skin sensitization        | Based on available data, the classification criteria are not met. |

| Germ cell mutagenicity                                |                | able data, the classification criteria are no   |                      |  |
|---|----------------|---|----------------------|--|
| Carcinogenicity                                       |                | able data, the classification criteria are no   |                      |  |
| Reproductive toxicity                                 |                | able data, the classification criteria are no   |                      |  |
| Specific target organ toxicity<br>- single exposure   | Based on avail | Based on available data, the classification criteria are not met.   |                      |  |
| Specific target organ toxicity<br>- repeated exposure | Based on avail | able data, the classification criteria are no   | ıt met.              |  |
| Aspiration hazard                                     | Based on avail | able data, the classification criteria are no   | t met.               |  |
| Further information                                   |                | Complete toxicity data are not available for this specific formulation<br>Refer to Section 2 for potential health effects and Section 4 for first aid measures. |                      |  |

#### 13. Disposal considerations

| nstructions |  |
|-------------|--|
|             |  |

Do not allow this material to drain into sewers/water supplies. Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.

HP's Planet Partners (trademark) supplies recycling program enables simple, convenient recycling of HP original inkjet and LaserJet supplies. For more information and to determine if this service is available in your location, please visit http://www.hp.com/recycle.

#### 14. Transport information

#### DOT

Not regulated as dangerous goods.

#### ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

#### ADR

Not regulated as dangerous goods.

**Further information** 

Not a dangerous good under DOT, IATA, ADR, IMDG, or RID.

#### 15. Regulatory information

#### **US** federal regulations

US TSCA 12(b): Does not contain listed chemicals.

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

#### CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

#### SARA 304 Emergency release notification

Not regulated.

#### OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

#### Superfund Amendments and Reauthorization Act of 1986 (SARA)

| Hazard | Cated  | TRIDC  |
|--------|--------|--------|
| Hazard | Calcar | JI 163 |

Immediate Hazard - No Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No
