

Main features

- Available in black, blue, red and green
- Super smooth writing (nickel silver point and grip)
- A compact retractable pen
- High corrosion resistance (nickel silver support)
- Cap off time more than 1 year (ISO 554)
- Estimated shelf life: 2 years
- Complies with ISO 12757 part 1&2 (General and documentary use)

Product Quality

- Injection molded components (2 shot molding)

Laboratory controls

- Writing performances (laydown, smoothness, mileage...), life test of product
- Mechanical performances and breakage resistance, life test of product

Process controls

- Fully automated molding and periodic QC inspection for dimensions and visual aspects
- Fully automated in-house assembly and in-line QC inspections for critical functions
- Pre-shipment inspection conducted on each lot, based on AQL standards

Product safety

- Ink assessed by an external toxicologist (ASTM D-4236)
- Heavy metal content tested by an external laboratory (EN71-3, ASTM F 963, 16 CFR 1303, 91/338/EEC)

Environment

- Refillable
- PVC free product
- Packaging compliant with packaging & packaging waste European directive (94/62/EC)

Retractable ball pen available in 4 colours

SMOOTH WRITING

Cartridge
0,32 g of ink

Colored polypropylene tube

Oil based ink
Permanent and water resistant
Quick drying (<2 seconds)
Smooth writing

Nickel silver support
High corrosion resistance

Nickel silver point
1 mm diameter
Line width : 0,4 mm

Tungsten carbide ball
Perfect sphere
Very resistant

Clip plug

Jacket

Ratchet

Plunger

Polystyrene barrel
1,15 cm diameter
14,5 cm of length

Rubber grip
TPE material
Two shot molding
Robust
Best writing control

Spring
For retractable mechanism

Corporate social compliance

- Made in France
- BIC Group Code of Conduct based on ILO conventions
- Self assessment process with corrective action plan
