

# EcoFlow RIVER Pro Portable Power Station

**VERSATILE & LIGHT** It's portable electricity for your essential devices; nine at a time if you want. Draw 720Wh through RIVER Pro's wall outlets, USB outlets, and DC outlets, and at just 7.6 kg, it's one of the best portable power supply alternatives for camping, off-grid living, and professional work.

**WORLD'S FASTEST RECHARGE** Our patented X-Stream feature takes RIVER Pro's battery from 0–80% within one hour and fully charged in just 1.6 hours.

**OPT FOR DOUBLE CAPACITY** Add a RIVER Pro Extra Battery to double the capacity to 1440Wh. This makes it a great backup power supply for refrigerators or as part of an off-grid power system.

**HIGHER OUTPUT** With X-Boost enabled, RIVER Pro's 600W output can power some devices up to 1800W. That's enough for 80% of devices, tools, and appliances, though it works mostly as a safety net.

Step into the wild with a massive 720Wh of battery capacity. RIVER Pro is the powerhouse for your off-grid adventure. Keep multiple devices powered on at once and recharge in record times via car, solar, or standard AC outlets.

Power Multiple Devices

# The world's fastest charging power stations

EcoFlow has the world's fastest charging power stations. RIVER Pro charges from 0-80% in under an hour, or to full in 96 minutes.

## The centerpiece of your adventure

Power up to 9 devices at once with all the ports you'll need.

## Go further

Out for the long haul? Double RIVER Pro's capacity up to 1440Wh with an extra battery that links right to your unit.

## More power to you

EcoFlow's proprietary X-Boost technology is a game-changer. Switch it on to power high-wattage appliances up to a whopping 1800W. That's enough to power a hairdryer, a vacuum cleaner.

## HOME BACKUP

## OFF-GRID LIFE

Light 10W

CPAP 40W

Refrigerator 150W

Blender 300W

Rice Cooker 1000W

# Solar charging

Harness the power of the sun by linking up to two 110W solar panels. You'll be fully charged in 4-8 hours.

# Car charging

Heading on a road trip? Charge to full in just 8 hours by plugging right into your car with the car adapter.

# Wall outlet

Plug into any standard AC wall outlet to fast charge from 0-80% in under 1 hour with X-Stream charging.

# What's in the box

1. EcoFlow RIVER Pro Portable Power Station 2. DC5521-DC5525 Cable 3. 1.5m AC Charging Cable 4. 1.5m Car Charging Cable 5. User Manual 6. Warranty Card
