

Smart Outdoor Camera with Siren

Break-in alerts

Detection: people, cars, animals

105-dB alarm

Integrated lighting

No subscription fees

Protect your home with the Smart Outdoor Camera with Siren and enjoy a subscription-free service with free video storage.

Real-time alerts

Receive a real-time notification via your smartphone when an unknown person or vehicle is detected on your property.

The Outdoor Camera can distinguish between people, animals, vehicles and harmless movements.

Deter intruders

Is there an intruder in your garden? Your Smart Outdoor Camera with Siren will alert you and deter them.

Trigger the siren and its powerful 105-dB alarm straight from your app.

No more false alarms

Customise the notifications you would like to receive.

Don't leap into action every time your dog runs into the garden! Set your alert preferences and define the exact areas that you want to monitor with the Alert-Zones feature.

Keep in touch with home

Images are accessible 24 hours a day from your smartphone, including night captures thanks to infrared vision.

Light up your path

The Camera has its own built-in smart lighting system to light up your path at night.

Long-lasting equipment

Your Netatmo Smart Outdoor Camera with Siren is designed to last! Compliant with HZO weatherproofing standards, it is protected from UV rays and inclement weather.

Easy installation

You can easily install the Camera yourself. Simply replace an existing light with the Camera and you will have it up and running in under an hour. Alternatively, you can choose a more strategic location to keep a close eye on your home.

Always subscription-free

Local video storage is free of charge, and all features and updates are included without a subscription, forever.
