

# Enhance Antigum

## Chewing gum remover

### Professional carpet care made simple

- Completely removes chewing gum from floors
- Contains Odour Neutralizing Technology
- Easy to use
- Ideal as a problem solver

### Completely removes chewing gum from floors and carpets

Enhance Antigum is specially formulated to quickly and effectively remove chewing gum from floor and carpets. The solvent based formula works quickly to dissolve and soften chewing gum allowing it to be easily removed. It is Woolsafe approved and safe for use on carpets and soft furnishings.

### Contains Odour Neutralizing Technology

Enhance Antigum contains Odour Neutralizing Technology. This technology works to destroy the malodours in floors, carpets and furnishings leaving a fresh apple fragrance.

### Easy to use

Enhance Antigum comes ready to use in an easy to use bottle. The gel formula and directional cap facilitate accurate product application. Simply apply the product directly onto the chewing gum and leave for a few minutes before blotting clean.

### Ideal as a problem solver

Enhance Antigum comes ready to use in an easy to use bottle. The gel formula and directional cap facilitate accurate product application. Simply apply the product directly onto the chewing gum and leave for a few minutes before blotting clean.

# Enhance Antigum

## Three simple stages to professional carpet care

### Step 1: Daily cleaning

Use Enhance Antigum alongside Enhance Spot and Stain Remover as part of your daily carpet care program to treat carpet spots, stains and chewing gum.

### Step 2: Intermediate cleaning

Use Enhance Foam Shampoo to either wet or dry foam shampoo your carpets as part of your intermediate carpet care program to both restore the appearance and prolong the life of your carpets.

### Step 3: Periodic cleaning

Use Enhance Extraction Cleaner to deep extraction clean your carpets as part of your periodic carpet care program. Extraction cleaning will restore the appearance of your carpets and remove deep dirt and odours leaving them clean and fresh.

## Technical data

Appearance	Clear, colourless liquid	Dilution rates	Use neat
------------	--------------------------	----------------	----------

*The above data is typical of normal production and should not be taken as a specification.*

Product	Pack size	Cases per layer	Cases per pallet	Outer bar code	Inner bar code	Article code
Enhance Antigum	2 x 5 L	11	33	8711800411096	8711800911091	420500

Do not use on bitumen or rubber backed carpets
